

Akhil Konda

Hyderabad, India | konda.akhil456@gmail.com | 7 981953865 | github.com/AkHiL667

Summary

Full Stack Developer proficient in the MERN stack, with experience building responsive, scalable, and real-time web applications. Strong understanding of frontend UI/UX, backend logic, and state management. Passionate about continuous learning and delivering high-quality, maintainable solutions.

Education

CMR Technical Campus	Hyderabad
Bachelor of Technology in Electronics and Communication Engineering	2021-2025
Sai Sri Junior College	Sircilla
Intermediate MPC : 62%	2019-2021
TS MODEL SCHOOL	Sircilla
School GPA : 8.7	-2019

Projects

MixPod- Real-Time Chat & Calling Application <https://mixpod.onrender.com/>

- **Tech Stack:** React, Node.js, Express, MongoDB, Socket.io, Zustand, Tailwind CSS, Cloudinary
- Developed and deployed a **full-stack** real-time chat and video/audio calling application.
- Implemented secure user authentication using **JWT** with HttpOnly Cookies.
- Integrated **Socket.io** for real-time messaging and online user status indicators.
- Managed global state efficiently with **Zustand**.
- Integrated **Cloudinary** for image uploads and optimized media handling.
- Built a clean, responsive UI with **20+ dynamic themes** using Tailwind CSS.
- Used **MongoDB** with Mongoose for scalable, flexible data storage.

Cinebyte- Movie & Web Series Discovery App <https://cine-byte.vercel.app/>

- **Tech Stack:** React, Axios, TMDB API, React Router, Tailwind CSS
- Built a responsive movie discovery platform using the **TMDB API** to fetch trending, top-rated, and popular movies and web series.
- Integrated **video trailer previews** for individual movies and series.
- Implemented **search and filtering functionality** to easily browse and find titles by category or name.
- Used **React Router** for seamless navigation between pages and Handled API integration and data fetching using **Axios**.

Certifications

Meta Full-Stack Developer Professional Certificate

Offered by Meta via Coursera
