SUMMARY

Frontend Developer focused on creating responsive, user-friendly web interfaces. Skilled in delivering clean, efficient solutions in collaborative environments, with real-world project experience and a passion for modern frontend development.

PROJECT

Cinebyte A React-Powered Movie Discovery App.

cine-byte.vercel.app/

· Tech Stack: React, React Router, Axios ,TaliwindCSS.
· Built with React.js: Leveraged component-based architecture for clean code and scalable UI.
· Live Search with TMDB API: Fetches real-time movie data with filters for movies and TV shows.
· Dynamic Movie Details Page: Renders full movie info-poster, plot, ratings, genre and Trailer-on user click.

Delulu-Ai Ai-powered chat bot with custom instruncitons.

akhil667.github.io/delulu-AI/

· Tech Stack: HTML, CSS, JavaScript, GSAP
· Powered by Gemini API to generate intelligent, responses.
· Implemented custom system instructions to control the chatbot's behavior and tone.
· Built a dynamic frontend interface using HTML, CSS, and JavaScript.
· Integrated GSAP for smooth and engaging animations throughout the UI.
· Designed with full responsiveness to ensure usability across all devices.

ShopHub e-commerce site using Redux state management

shop-hub-redux.vercel.app/

· Tech Stack: React, Redux Toolkit, React Router, Axios , TailwindCSS
· React + Redux Toolkit for state management
· Redux Persist to retain cart data using local storage
· React Router for smooth page navigation
· Axios + createAsyncThunk for efficient API calls
· Dynamic Product Listing, Cart System, and Detailed Product Pages

EDUCATION

Bachelor of Technology- (ECE)

CMR Technical Campus · 2021-2025 · 6.5 CGPA

Intermediate

Minor in 62% · Sai Sri Junior College · 2019-2021

School

TS Model School · 2019 · 8.7 CGPA

CERTIFICATIONS

The full stack by Meta Coursera

Coursera · 2024

· Certified by Meta in Frontend Web Development through Coursera.
· Gained practical skills in HTML, CSS, JavaScript, React.js, Git, and UI/UX principles.

SKILLS

Front End Languages : HTML,CSS, JavaScript
Frameworks and Libraries : React.js, Redux, React Router, AJAX, Tailwind CSS, GSAP(animations)
Tools : Git Version Control
